

# Medicinal Plant Walks

**Nature is our classroom!**

*Edible medicinal plants are everywhere, local, free, abundant and they can be a sustainable source of plants for healing.*

**First plant walk on Saturday May 9, 2015**

**Deep Creek Trailhead 9am -12pm**

Other Saturdays to follow, June 13, July 11, August 12,  
September 15, October 10

**\$100 for 6 walks or \$20 each**

**Instructor: Bev Axelsen, Herb and Plant Medicine Specialist**

We will identify 10 - 20 wild medicinal plants growing in the proximity of the trailhead ... some hiking required. The purpose of the class will be identification of plants; followed by observation and study of their cycles of growth, medicinal qualities, flowering, seed production and moving into dormancy
