Come see how to create food abundance and extend the growing season with a greenhouse able to move on a track to a total of 3 positions. We have been up and running since mid-October of 2018. There are 4 types of greens that made it through the winter and are now starting to really grow for an early spring crop.

Special thanks to The Beim Foundation, the USDA/NRCS, PCCF (Park County Community Foundation), and all our generous individual donors and volunteers for helping to make our dream come true!
